# **Let's Go on an Art Hunt!**

## **WAM's 90th Birthday Scavenger Hunt**

### **Hello, Explorers!**

The Wichita Art Museum is turning 90—and you're invited to celebrate with a fun scavenger hunt!

#### **What's the Big Picture?**

We made a special artwork using silhouettes (shadows or outlines) of 100 real artworks from our museum. These silhouettes come from paintings, sculptures, and cool objects in the museum.

**You can find the silhouette grid on the wall at the museum. Use it as your treasure map!**

#### **◆◆◆ Your Mission ◆◆◆**

Match the silhouettes to the real artworks in the galleries.

Let's see how many you can find!

For every match, you get 1 point.

Use your Hunt Card to keep track (also available at WAM's Welcome Desk).

#### **Explore the museum and look closely at the art.**

Try to match as many silhouettes as you can.

Write down the numbers when you find a match.

Return your card when you're done and get your prize!

#### **Class Discussion or Reflection Questions:**

Which artwork did you like best? Why?

Was it easy or hard to match the silhouettes?

What surprised you about what you saw in the museum?
